IT PAYS TO TREAT
THE AILMENTS OF
LIVE STOCK.
GREAT SATISFACTION
COMES FROM RELIEV-
ING THE SUFFERINGS
OF ANY ANIMAL.

We Do Business on a Money Back Basis

IT IS a matter of pride with us that we were one of the first concerns in the United States to adopt a "Money back if you are not satisfied" policy.

Such a policy is a rather severe test of merit, and especially when the commodity dealt in is of a medicinal nature. But we are willing to stand that test, knowing so well the merits of Fleming's Veterinary Remedies.

We know that no matter how efficient a medicine is, it will not be successful every time. Sometimes the fault is with the user,—we have known of men who applied a remedy without ever having read the directions.

In the case of Fleming's Veterinary Remedies the directions have been very carefully worked out. They are in as plain language as we can write them, and they should be followed to the very letter. In treating livestock for ailment, the first thing to be sure of, is that you know what the trouble is; second, that the medicine

you intend to use is intended for such a case; and the third is that you understand the directions.

When you use Fleming's Veterinary Remedies, we want you to know that if you do not get your money's worth you will get your money back—without fail and without delay. Our leading remedies are for Fistula, Poll Evil and Quit-tor in horses, and the condition usually known as "lump jaw" in cattle. These are formidable diseases, which must be treated carefully, but which are usually treated successfully with our Fistoform or Actinoform as the case may be. Over a period of years we have refunded just about 2 per cent, on our gross sales, which means that in 98 per cent of the cases the user of the medicine has been satisfied with results.

Just remember that we mean it when we say: "If any one of Fleming's Veterinary Preparations doesn't do the work it is recommended to do, we will refund to you its price, you to be the judge and your word to go."

Fleming's Vest Pocket Veterinary Adviser

THE almanac you are reading now will give you a pretty good idea of what Fleming's Veterinary Remedies are for. That information is contained in the brief description of each article, and in the few letters from those who have used them, which we are able to print in the necessarily restricted space.

Complete and more detailed information is contained in Fleming's Vest Pocket Veterinary Adviser, a copy of which will be mailed free, to any farmer or stock owner. The Vest Pocket

Adviser contains 192 pages, has 67 illustrations, and is serviceably bound so that it may be preserved for reference at any time. It describes the principal diseases of horses and cattle, tells you how to identify them and how to treat every one of them.

You will find this an unusually valuable book,—and a copy of it is yours for the asking.

Perhaps you have a copy, but your neighbor has none. Tell him he may secure one by simply writing us a request on a post card.

How to Use the Breeding Table

IN connection with the monthly calendars is a handy breeding table. By consulting it you can tell approximately the conclusion of the period of gestation of mares, cows, sheep and swine.

Simply take the day of the month in which an animal is bred, and follow the line to the

right. The first column will give the date a mare may be expected to drop her foal, the second is the date a cow bred will likely calve, and so on.

The date will not always be exact. Individual animals differ somewhat, but the date will be found to be approximately correct.

Our Testimonials—How We Obtain Them

EVERY testimonial printed in the almanac is a voluntary letter written to us by the satisfied user of some one of the Fleming Veterinary Remedies. Those printed here are only a very few, selected somewhat at random, of the many such letters received by us.

These letters are only a partial record of the results secured by the use of our preparations. They are worthy of careful reading. They tell

the whole story better than we can write it. They are merely records of what a few men have done. Under like conditions you could have produced the same results.

Needless to say, every man who wrote us—as well as hundreds of others—were sure, before starting to work, that they knew what ailed the animal, that the medicine they were to use was intended for such a case, and that they thoroughly understood the directions.

Important Notice: We want all of our customers to read about our new preparation, Fleming's Veterinary Wart Remover. We have described this new remedy and its uses very carefully on page sixteen of this Almanac. Almost every stock owner has one or more animals that would look better and be worth more money if some disfiguring warty formation were removed. This new Fleming remedy like our others is not infallible. We cannot

expect it to do the work in every case. Nevertheless, we feel sure that you will be highly pleased with the results you will obtain if you give it a trial. It is sold, of course, under our positive guarantee "money back if it fails." In making out your next order, we suggest that you include in your remittance sufficient to cover a jar of Fleming's Veterinary Wart Remover. Price \$1.04, including war tax.

Our Money Back Guarantee Protects You

Fleming's Regular Price List

(With War Tax Added)

FLEMING'S ACTINOFORM\$2.60

For Lump Jaw in cattle. One bottle is usually enough for a case, and is sometimes enough for several.

FLEMING'S FISTOFORM\$2.60

For Fistula and Poll Evil. Cases vary as to the quantity needed. Some will require several bottles, and others will need but little.

FLEMING'S SPAVIN LIQUID.....\$2.08

For Bog Spavin, Splint, Curb, etc. One bottle is sufficient for any case that will yield to its use.

FLEMING'S SPAVIN AND RING

BONE PASTE\$2.08

For the chronic lameness attending established cases of Bone Spavin, Ringbone and Sidebone. One bottle is usually sufficient for several blemishes.

FLEMING'S GENERAL LINIMENT...\$1.04

We hope that you will try it, and we will refund price if you are not highly pleased.

FLEMING'S TONIC HEAVE POW-

DERS\$1.04

The average quantity for case of Heaves is about two packages. Some need but one, but others require three. Used also as a general tonic and alterative for horses.

FLEMING'S SWEENEY BLISTER.....\$1.04

A bottle is likely to be enough for several cases.

FLEMING'S COLIC MIXTURE.....\$1.04

Bottle contains eight doses. Quantity for a case, one to three doses.

FLEMING'S VETERINARY WART

REMOVER\$1.04

FLEMING'S VETERINARY HEALING

OIL 52c

An antiseptic healing liquid (oil) of great merit. For wire cuts, wounds, cuts, etc.

Antiseptic healing powder for galls, cuts, wounds, etc.

FLEMING'S VETERINARY EYE

LOTION 52c

Each bottle, when diluted with water, makes a quart of Lotion of right strength to use.

FLEMING'S CHEMICAL HORNSTOP. 50c

For use on young calves and goats to stop the formation of horns.

FLEMING'S FISTULA SYRINGE..... 50c

Capacity of syringe, one-eighth ounce; length of nozzle or pipe, three inches.

Extra Nozzles for Fistula Syringe,

each 20c

How to Obtain Fleming's Remedies

UOUR druggist should carry a stock of Fleming's Veterinary Remedies. If he does not, and will not obtain what you need from his drug jobber, you can buy direct from us. An order blank is enclosed, and orders mailed to us will usually be sent out parcel post the day received.

In ordering from us please send the full purchase price as indicated in the price list above. The price there stated includes the "war tax"

which has not yet been removed from medicines.

Where convenient send a P. O. or Express money order or your personal check. If you send currency it is at your risk.

When you talk with your druggist next time, tell him, if you think of it, that he should carry a line of Fleming's Veterinary Remedies. We will authorize him to refund money if his customers are not satisfied, and we will settle with him so that he will not lose anything.

Be Sure—Insist on Fleming's Remedies

IT IS only once in a great while that a druggist will try to sell you something you do not want. Should, however, anyone try to sell you something else when you ask for Fleming's,—or Fleming's when you ask for something else—insist upon getting what you ask for. You are going to pay the bill, and you are entitled to what you want, whether it is of our manufacture or someone else's.

Fleming Remedies are in small bottles. They are potent, and a record of over 25 years convinces us that nothing else on the market so nearly meets the demands made upon remedies of this kind.

Your druggist, if he does not have Fleming's Remedies on hand, can get them from his drug jobber, or you can get them direct from us.

Don't Lose Horses With Colic—Be Prepared

When You Have Colic You Want Medicine Quick

FLEMING'S COLIC MIXTURE

Price per Bottle, \$1.04 (Including Tax)

FLEMING'S Colic Mixture is one of the most useful preparations on the market. It is so nearly always effective that it might almost be called a specific for colic in horses.

Colic is the most dreaded and disastrous ailment that affects horses. Thousands die each year of colic, and the loss, in money and horse power, reaches an appalling figure. Most of the loss is sheer, preventable waste, due in large part to the carelessness of the owner who has not provided himself with a colic remedy.

You can do no better favor to yourself than to immediately order a bottle of Fleming's Colic Mixture. Then you will be fortified and prepared to give quick treatment in case you have a horse with colic. There are eight doses in a bottle; the preparation keeps indefinitely and when you need it you need it bad.

This is so effective, and has been used with such universally satisfactory results that we have no hesitancy in urging you to buy a bottle today. When you need it you won't have time to send for it.

What Others Say

Says Colic Mixture Needs No Guarantee

Gentlemen:—Your Colic Mixture needs no guarantee at all. I have tried it at different times and find it a sure cure. My neighbor had a horse sick with colic the other night. I gave her one dose of the Colic Mixture, and in fifteen minutes she went to eating and has been all right ever since.—J. P. Vaught, Buffalo, W. Va.

Hasn't Been Without It For Five Years

Gentlemen:—Enclosed find \$2.08 for two bottles of the Colic Mixture. Send it at once, as I am out of it now. Have not been without the Colic Mixture for five or six years. Think it is the best colic medicine I ever saw.—J. C. Walls, Scottsboro, Ala.

Cured The Worst Case He Ever Saw

Gentlemen:—Have just cured the worst case of colic I ever saw, and do not intend to be without your Colic Mixture in the future.—Oscar Sloan, Casey, Ill., R. No. 2.

Two Doses Did The Work

Gentlemen:—Please find enclosed \$1.04 for a bottle of your Colic Mixture. I got a bottle eight years ago and never had to use it until three weeks ago. It is all used now. It is surely a good cure. I want it on hand always. Had a bad case last week, but two doses did the work. Your remedies have done wonders for me.—John McKeever, Hortonville, Wis., R. No. 3.

Fistoform for Fistula, Poll Evil and Quittor

Your Money Back If Fleming's Fails

FLEMING'S FISTOFORM

Price per Bottle, \$2.60 (Including Tax)

FROM an experience of over a quarter century, we can say that Fleming's Fistoform is successful in fully 95 per cent of the cases in which it is used on horses having fistula, poll evil, quittor or thrush. The average cost, aside from time, is not over \$2.60, the price of a single bottle, for usually one bottle is sufficient. Frequently there is medicine left after the animal is O. K., but sometimes more than one bottle is necessary.

Anyone familiar at all with these formidable conditions will agree that this is a remarkable record. Veterinarians are usually obliged to charge anywhere from \$25 to \$50 and even more when they treat these conditions, and their record of successful results is no better, if as good, as that of Fistoform.

Fleming's Fistoform is comparatively simple of administration. There is no surgery connected with it, and aside from the applications of the remedy but little attention is required. The application of the remedy every fifth day or so takes little time, or exertion. If it fails you can still have the veterinarian in, and we will refund your money.

Some cases are more difficult to treat than others, and where difficult cases are encountered we expect you to write us, giving us as full particulars as you can. We will not urge undue perseverance, and are always glad to render any assistance we can.

Fistula, Poll Evil and Quittor, as well as about 200 other diseases and blemishes of horses and cattle, are fully described in Fleming's Vest Pocket Veterinary Adviser, a copy of which may be had for the asking.

Read These Testimonials

Cured 17 Years Ago; Still Sound

Gentlemen:—About 17 years ago this winter we sent for and received a bottle of your Fistoform, which was used according to instructions. The horse is still here and keeps up her part of the work with the younger horses, although she is now 24 years old. Is in good flesh and good condition, with no signs of any return of the disease.—Ann E. Hinsdale, Princeton, Ill., R. No. 1.

Used Fistoform For 18 Years

Gentlemen:—Have been using your Fistoform for fistula for about 18 years. Have cured 20 head with it.—R. J. Coop, Morland, Kans.

Cured Very Stubborn Cases

Gentlemen:—I have used your Fistoform for the past 12 years and always effected a cure. I have cured very stubborn cases. One case took three bottles and a whole year. That was about eight years ago, and the animal is well yet.—E. E. Helland, Munger, Minn.

Cured With Two Bottles

Gentlemen:—Several years ago I had good luck with your Fistoform. Had as bad a case as I ever saw. Stopped it with two bottles of your Fistoform.—J. M. Koettel, Rummel, Ark.

Used Fistoform 16 Years

Gentlemen:—Please send me one bottle of your Fistoform, for which find enclosed \$2.60. Have used it for 16 years and can recommend it highly.—J. Al Morris, Laneville, Tex.

No Signs of Returning

Gentlemen:—Three years ago I had a very fine mare to take fistula and a friend of mine recommended Fleming's Fistoform. I ordered the remedy from you and with three applications cured the mare sound and well. Have worked her very hard on the farm, and this country is very rough and rocky, and I have never seen any sign of her flinching from her work nor of the return of fistula.—G. W. Miller, Peel, Ark.

Veterinarian Gave Up This Case

Gentlemen:—I used the Fistoform and cured one of the worst cases of fistula that ever was around in this country. It sure is the medicine. This mare I mention was treated by a veterinarian and he gave her up. I cured her in three weeks with the Fistoform.—E. R. Campbell, Sulphur, Ky., R. No. 1.

Fistula and Poll Evil

Gentlemen:—I had a horse that had both fistula and poll evil. Had a veterinarian doctor her for some time and he said he could cure her. I paid him \$25 without results. I took the team to get the one that was all right shod, intending to shoot the other. While in town I heard of your Fistoform that was guaranteed to cure. I don't believe there could have been a worse case. The discharge just ran down and dropped on the ground, both from the head and withers. I put a rubber tube down in two places in her withers ten inches, and I soon got the fistula cured and after some time cured the poll evil also. She has been well since last March, working every day and looking fine.—W. H. Lee, Spokane, Wash., R. No. 4.

The Longer The Vet Treated The Worse She Got

Gentlemen:—About three years ago I had a horse that had her head hurt. Took her to a veterinarian and he said it was a very bad case of poll evil. He treated her six months, and the longer he treated her the worse she got. Everybody I talked with about the horse tried to discourage me, saying she would never get well; also that she would go deaf and blind. Saw your ad in "Successful Farming" and sent for a bottle of Fistoform with the Fistula Syringe. I used the remedy just five times according to directions and it cured my horse's head and cured it so that it has stayed cured. I always recommend your medicines whenever I get a chance.—Darcy Reist, Ashley, Mich.

Four Treatments Cured

Gentlemen:—Enclosed find \$1.04 for a bottle of your Sweeny Blister. I want to tell you that the bottle of Fistoform ordered a few months ago did the work in that case of poll evil. I used it four times and cured the animal sound and well.—J. W. Brown, Aetna, Tenn., R. No. 1, Box 10.

Cured Two Cases In Four Weeks

Gentlemen:—I must tell you that I have cured two horses of fistula that had it almost a year. I cured them in four weeks with about one-half a bottle of the Fistoform.—Charles M. May, Madison, Ind., R. No. 1.

Cured Over A Year; No Signs Of Returning

Gentlemen:—Many thanks for your Fistoform. It cured my horse sound and well. My neighbors say they never saw the like of it. It has been over a year and no signs of coming back.—E. McDonald, Laurelville, Ohio.

BAD FISTULAS CURED WITH FISTOFORM

Cured With Fistoform

Gentlemen:—I wish to let you know what we think of Fleming's Fistoform. It is great stuff. We had a pony that had fistula. We sent and got a bottle of your Fistoform and it did the work. It was a bad case, too, for we had had a doctor for her and she kept getting worse until we tried the Fistoform. It soon did the work and the pony is all right now. That was over a year ago.—Ray Thomas, Hannibal, N. Y., R. No. 2.

Bad Case Cured

Gentlemen:—Received your Almanac, for which I thank you. I am grateful for your Fistoform, with which I cured my mare of a bad case of fistula. Everybody said she could not be cured. I cured her with two-thirds of a bottle of Fistoform and let another man have the balance and he cured his horse.—J. H. Hignight, Murfreesboro, Ark.

Cured Both Shoulders

Gentlemen:—I cured my horse in both shoulders with one-half bottle of your Fistoform. I think it is a great medicine.—M. F. Herring, Stanford, Ky., R. No. 5, Box 64.

Cured Over 40 Cases

Gentlemen:—Enclosed find \$2.60, for which please send me a bottle of your Fistoform. I have cured over forty cases, and have never failed in any yet.—J. C. Wachter, Elmer, Mo.

Perfectly Sound Since

Gentlemen:—I used your Fistoform on a horse eight years ago. Has been perfectly sound ever since. She had 11 pipes and every one that saw her said it would be impossible to cure her, but she was cured by the Fistoform and is one of the good horses yet.—Allen E. Wood, Plattsburg, N. Y., R. No. 5.

Discharging For Two Years

Gentlemen:—Have cured my horse of a very bad case of fistula, which had been discharging for two years. One bottle did the work, after spending \$35 with a veterinary surgeon who failed completely to help him.—A. J. Tubb, Corfu, Wash.

Speaks Words of Praise

Gentlemen:—I want to speak a few words of praise for Fleming's Fistoform. I had a four-year-old horse that had the fistula for five months. One-half a bottle of your medicine cured him and he is now sound as a dollar. I am sure I cannot recommend your medicine too highly.—W. H. Broadwater, Merrill, Md.

Not A Scar Left

Gentlemen:—Have been wanting to write you a few lines about my horse that had poll evil two years. I cured it with your Fistoform. Used nearly three bottles. It is almost a year now since it has been healed up and not a scar left. Thanks to Fleming's remedy.—Herman Kreger, Washington, Mich., R. No. 2.

Fleming's Hornstop Prevents the Growth of Horns

Actinoform for "Lump Jaw" in Cattle

Farmers' Old Reliable "Lump Jaw" Remedy

FLEMING'S ACTINOFORM

Price per Bottle, \$2.60 (Including Tax)

LUMP JAW is a condition which may appear any time in any herd. It is not contagious, but its origin is uncertain. It never "cures itself," but yields readily enough to proper treatment with proper remedies.

Fleming's Actinoform is the original commercial Lump Jaw medicine. For 30 years it has been successfully used in every state of the Union, and in several foreign countries.

This condition is so fully described in Fleming's Vest Pocket Veterinary Adviser, a copy of which you may have free if you do not possess one, that we will not enter into details here concerning it. It is rather infrequent, occurs on either the upper or lower jaw, but most frequently the lower, below the ear. It increases in size, breaks and discharges a yellow pus. The drawing in this column will give you some idea of what it looks like.

The treatment with Actinoform can be carried on by any person who will exercise reasonable care. Directions, with each package, are very explicit, and results are usually positive and as prompt as could be expected in an ailment of this kind. The letters printed concerning results obtained, are only a few of many received. This is the first preparation manufactured and sold by Fleming Brothers.

What Others Have Done

Did Not Share Our Faith In Actinoform

Gentlemen:—Last fall I had a valuable Jersey cow attacked with lump jaw, a disease I knew nothing about at the time. I had an old Vest-Pocket Veterinary Adviser which guaranteed the efficiency of your Actinoform. Not fully sharing your faith in the remedy, but willing to try anything that held out any hope, I sent to you for a bottle. The disease was so far advanced that when the medicine came an opening had appeared on the jaw. I applied the Actinoform according to directions, but still with little faith in it. However, three applications cured the jaw, and the cow is now sound and well. That bottle was worth \$75 to me.—R. C. Howell, Tell City, Ind., R. No. 1.

Fine Steer Cured

Gentlemen:—My fine steer which had lump jaw was cured with one application of your Actinoform. He is all right now.—A. Underwood, Urbana, Ohio, R. No. 2.

Thought He Would Have To Give Up

Gentlemen:—I have cured the roan steer about which I wrote you a few weeks ago. I thought for a while I would have to give him up as a bad job, but finally succeeded.—W. H. Bivin, Glasco, Kans.

Five Cases Cured

Gentlemen:—We have cured five cases of lump jaw with Fleming's Actinoform. It is fine. We cannot get along without it.—Mrs. W. L. Garrett, Elmwood, Okla., R. No. 1, Box 36.

Cured Nine Head With One Bottle

Gentlemen:—I have read your testimonials on the Actinoform and I can beat most of them. One bottle of your Actinoform cured nine head of cattle for me, and I have enough left to cure five or six more.—Norman A. Kniffin, Ulster, Pa., R. No. 4.

One Application Cured

Gentlemen:—We used your Actinoform on a cow and cured her with one application. One of our neighbors got the rest of the bottle and cured a very bad case of lump jaw.—Mrs. S. W. Gilkeson, Hughart, W. Va.

Two Treatments Cured

Gentlemen:—I wish to tell you that your Actinoform cured one case of lump jaw in two treatments.—C. M. Justice, Woodburn, Ky., Box 72.

Perfect Satisfaction

Gentlemen:—I have used one bottle of your Actinoform and it cured our cow and gave perfect satisfaction. I also have recommended your medicines to my neighbors.—Chas. Liskey, Hornbrook, Calif.

No Scar Or Blemish

Gentlemen:—Three years ago I had a valuable cow that had lump jaw. I had always been given to understand that this disease could not be cured. I saw your advertisement in my farm paper and sent for a bottle of your Actinoform. By the time I received the medicine, the lump had broken and was discharging and running down the jaw. I cured her sound and well with two applications. That was three years ago, and the cow is sound and well today and no scar or blemish left. I can most cheerfully recommend this remedy for lump jaw.—S. W. Marshall, Gifford, Idaho.

Three Cows Cured With Half A Bottle

Gentlemen:—Enclosed find check for \$2.60 for another bottle of your Actinoform. I cured three cows with half a bottle two years ago and gave the rest of it to a neighbor.—Frank Morgan, Colfax, Iowa.

As Good As Recommended

Gentlemen:—Please send me your Vest-Pocket Veterinary Adviser. I have used your Actinoform and find it as good as recommended.—I. Clayton Reimann, Almond, N. Y., R. No. 2.

Did The Work Nicely

Gentlemen:—About a year ago I ordered a bottle of your Actinoform. The lump had opened and I just applied the medicine one time, in accordance with the directions. It did the work nicely.—Isaac L. Nave, Fordtown, Tenn., R. No. 2.

Best Medicine For Lump Jaw

Gentlemen:—I have used two-thirds of my first bottle of Actinoform and have cured five head with it. I can recommend it to be the best medicine that I have ever used for lump jaw. Will never be without it.—Henry Burke, Eldred, Minn., Lock Box 75.

Saved One-Hundred-Dollar Cow

Gentlemen:—You saved me a cow that was worth \$100 that had a bad case of lump jaw. Your Actinoform cured her.—E. S. Cundiff, Mt. Vernon, Ill., R. No. 10.

Always Let Lump Jaw Cattle Die Before

Gentlemen:—I received your Actinoform for lump jaw and used some of it on my Jersey cow and cured her. I have had several cows with lump jaw, but they always had to die. But two applications of your medicine saved this animal. She was worth \$75. I cannot praise your medicine too highly. I will recommend it to my neighbors.—Jacob L. Kagay, Effingham, Ill., R. No. 1.

Looked Hopeless

Gentlemen:—Please send me your latest Vest-Pocket Veterinary Adviser. Two years ago I ordered your Actinoform and liked it fine. Cured two cows sound and well that looked hopeless.—Elgin Breeden, Owasso, Okla.

Use the Breeding Table—Don't Guess—Be Sure

Examine Your Cows for Signs of "Lump Jaw"

ALL THESE CASES WERE CURED WITH ACTINOFORM

Did the Business

Gentlemen:—Please send me a copy of your Vest-Pocket Veterinary Adviser. I have used your Actinoform for lump jaw and it certainly did the business.—G. G. Exley, Denton, Neb., R. No. 1.

A Fine Medicine

Gentlemen:—Have been using Fleming's remedies for some time. Have cured two cases of lump jaw with the Actinoform and think it a fine medicine.—J. M. Skelton, Cassville, Mo., R. No. 1.

Would Not Take \$50 for the Actinoform

Gentlemen:—Would not take \$50 for the Actinoform for just what it has done for me. The cow I have been treating eats good and is picking up very fast.—Eddie Hicks, Mikado, Mich.

Remedy Six Years Old Did the Work

Gentlemen:—I have tried your Actinoform and it did the work. I have some of it on hand now that I have had for six years. I let a neighbor try it on his cow this summer and it did the work for him, too.—J. A. Stockton, Talco, Texas.

Cured Two Nice Heifers

Gentlemen:—I am a great believer in your remedies. Have used your Actinoform with great success. Cured two nice heifers with it, each worth \$100 a piece.—Mrs. T. McCave, Arcola, Texas.

Cured Cow Completely

Gentlemen:—Several years ago I used a bottle of your Actinoform and it did all you say it did. It cured the cow completely.—John W. Eldredge, Cleveland, Tenn., R. No. 2.

Treated Several Cases

Gentlemen:—I have used your Actinoform on several cases, and it did all that you claim for it.—J. W. Bailey, Beavertown, Pa.

Two Applications Cured

Gentlemen:—The Actinoform I ordered from you was all right. I cured my cow with two applications.—Erwin Brandt, Cuero, Texas, R. No. 2.

Worked to Perfection

Gentlemen:—I had a bottle of your Actinoform for lump jaw and it did surely cure the lump to perfection. My cow is completely cured.—Mrs. Boyd Bell, Knox, Pa., R. No. 2, Box 99.

Cannot Be Beat

Gentlemen:—Enclosed find 52 cents for a bottle of your Veterinary Eye Lotion. I have used about all of your remedies and they cannot be beat.—W. B. Good, Sissonville, W. Va.

Applied Actinoform Three Times

Gentlemen:—I have cured my cow of lump jaw with the Actinoform. I applied the remedy three times.—J. Nagtegaal, Okaton, S. D.

Bone Spavins, Ringbone and Sidebone

Money Back If Fleming's Paste Fails

Fleming's Spavin and Ringbone Paste

Price per Bottle, \$2.08 (Including Tax)

THE two pictures in the column are printed to show the approximate location of a bone spavin, and the size of the spot to be covered with Fleming's Spavin and Ringbone Paste. The Paste is recommended for use only in those well developed cases of bone spavin, ringbone and side bone which have caused marked lameness. It is usually successful in getting rid of the lameness even in cases where the blemish has been fired.

The Paste should be applied to the blemish on a spot no larger than that shown here. It should be left on for 45 minutes,—the directions tell you just what to do and how to do it. The horse should not be worked, but should be given rest in a stable until the sore caused by the Paste thoroughly heals.

The Paste is only for established cases. It will not generally improve the appearance of the part; in fact, it will leave a scar, but a scar is better than lameness.

Fleming's Spavin Liquid is intended for cases which have not reached the chronic stage. It is described on another page.

Letters from a Few Users

Cured Sidebones

Gentlemen:—Thank you for curing my horse with sidebones. Before using Fleming's Spavin and Ringbone Paste she limped so badly we could hardly use her. Now she walks as though she never had sidebones. Have enough of the Paste left for five or six more treatments.—Herman C. Feck, Allison, Iowa, R. No. 1.

\$2.00 Worth \$100.00

Gentlemen:—I bought a bottle of your Spavin and Ringbone Paste some time ago. There is nothing like it. Had a valuable horse with bone spavin. One application of the Paste cured the lameness and the animal is sound and well today. The \$2.00 I paid for the Paste was worth \$100.00 to me.—J. T. Ramsey, Sydnersville, Va., R. No. 1, Box 10.

Cures Ringbone And Bone Spavin

Gentlemen:—In regard to your Spavin and Ringbone Paste, will say that it is the only thing that I have ever tried that will cure ringbone and bone spavin. Enclosed find \$2.08 for another bottle.—Robert O. Fix, Marshall, Ill., R. No. 8.

Still Sound

Gentlemen:—Have used your Spavin and Ringbone Paste and know it does the work, for I am still using the horse and he is going sound.—Porter Arnold, Lost Creek, W. Va., R. No. 2.

Perfectly Cured

Gentlemen:—I have had good results with your Spavin and Ringbone Paste. First cured a good young horse of bone spavin and have used him for farm and saw milling for six years, and he is perfectly cured still. Also cured a case of bone spavin for a friend from the same bottle.—J. B. Hurt, Bedford, Va., R. No. 1, Box 83.

Cured Several Cases From One Bottle

Gentlemen:—I bought a bottle of your Spavin and Ringbone Paste eight years ago and cured a sidebone from which the mare was so lame she could hardly walk. One application did the work. I let two of my neighbors have it and they each cured a bone spavin. I then cured a mule with ringbone and have enough left to cure another case. I think I have done very well.—J. J. Green, Ottawa, Kans., R. No. 2, Box 68.

Killed Three Ringbones

Gentlemen:—The last bottle of Spavin and Ringbone Paste I got from you sure did the work. I killed three ringbones and one bone spavin with it.—John Wesley Scott, Knox, Ind., R. No. 3, Box 114.

Two Veterinarians Gave Up The Case

Gentlemen:—About five years ago I got a bottle of your Spavin and Ringbone Paste. It proved very successful, for I cured one horse which two veterinarians had given up. Also treated three other animals successfully.—Dock Hornbrook, Marshall, Ill., R. No. 2.

Does All We Recommend It To Do

Gentlemen:—About five years ago I purchased a bottle of your Spavin and Ringbone Paste. Cured three horses of bone spavin. I have one of the horses today and she is as sound from bone spavin as she was when a colt. I cannot recommend your Spavin and Ringbone Paste too much, for it will surely do all you recommend it to do.—Cleon L. Gifford, Glens Falls, N. Y., R. No. 2.

Dandy Results

Gentlemen:—I regard your remedies as absolutely reliable. I have tried your Spavin and Ringbone Paste with dandy results and have heard others remark the same.—Raymond Hobson, Sauk Centre, Minn.

Ringbone Of Many Years' Standing Cured

Gentlemen:—I have used your Spavin and Ringbone Paste and cured a ringbone of many years' standing. The mare I used it on walked and trotted as though she had never had anything wrong with her feet.—J. F. Reichert, Ft. Ripley, Minn., R. No. 2, Box 90.

Sound And Well

Gentlemen:—I sent to you some time ago for your Spavin and Ringbone Paste for our horse, and am glad to tell you that he is sound and well. He was so lame that he could hardly walk. I wish to tell everyone that your Spavin and Ringbone Paste is all that it is claimed to be.—Roll Smith, Bland, Mo., R. No. 3, Box 106.

Bad Bone Spavin Cured

Gentlemen:—Two years ago I got your Spavin and Ringbone Paste and used it on a mare that had a bad case of bone spavin. One application cured her sound and well. I will never use any other remedies but Fleming's.—Fred Collins, Benton, Ark.

Ringbone On Colt

Gentlemen:—Had a colt that had ringbone which a man had been doctoring for a year without success. I bought the colt for \$50, treated with the Spavin and Ringbone Paste and cured the colt. In one year's time I got \$100 for him. Have great faith in Fleming's remedies.—Clifton Gross, Edinboro, Pa., R. No. 5.

Now On Duty

Dear Sirs:—Some time ago I ordered a bottle of your Spavin and Ringbone Paste for my horse with jack spavin. I applied the Paste according to directions September 10, 1919. By January 1, 1920, my horse was all O. K. He is on duty now with all the rest.—W. R. Polk, Shubuta, Miss.

Two Others Failed

Gentlemen:—I cannot express how grateful I am to you for curing my little mare of bone spavin. I did not hear of your Spavin and Ringbone Paste until I had used two other treatments without success. My mare suffered nearly two years. She is O. K. now.—James G. Copp, Auburn, N. Y.

THERE'S A BETTER WAY THAN DEHORNING CATTLE

Hornstop a Wonderful Thing

Gentlemen:—I think your remedies are just fine. The Hornstop is a wonderful thing.—Bert W. McKenzie, Volga, Ky.

Used Hornstop for 20 Years

Gentlemen:—I have used your Chemical Hornstop for twenty years and think it is the best.—Joe Lawder, Rockwood, Ill., R. No. 1.

It Would Pay to Buy Hornstop for Every Calf

Gentlemen:—Enclosed find 50 cents for a tube of Fleming's Chemical Hornstop. Your Hornstop is fine and it would pay to buy a tube for every calf. I could not do without it.—Urey Shadwich, Hillemann, Ark., Box 51.

Recommends It to Everyone

Gentlemen:—Your Chemical Hornstop is perfectly satisfactory. I recommend it to everyone who prefers hornless cattle. It certainly can't be beat.—George R. Cazallis, Pleasant Point, Maine.

Most Humane Way

Gentlemen:—I have used the Hornstop for several years and find it just the remedy needed. It is the most humane way for taking horns off stock.—Charles O. Wilt, Swanton, Md., R. No. 2, Box 50.

Gentlemen:—Enclosed find \$1 for two tubes of your Chemical Hornstop. Please send same as soon as possible, as we are expecting calves soon and I wouldn't miss its use on a single calf for the price of a tube.—J. Brands, Long Island, Kans., R. No. 3.

Finds It O. K.

Gentlemen:—I have used your Chemical Hornstop for the last three years and find it all O. K. It does exactly as claimed for it.—Ernest A. Goodman, Federal, Wyo., Box 8.

Each Tube Worth \$25

Gentlemen:—I consider each tube of your Chemical Hornstop worth \$25 to a herd of calves.—T. D. Smith, Mackay, Idaho, Box 835.

Best Article of Its Kind

Gentlemen:—We used two tubes of your Chemical Hornstop last year and found it to be the best article of its kind we ever had.—Hiram Lee Ellis, Kerrville, Texas, R. No. 1, Box 16.

Should Supersede All Other Methods

Gentlemen:—I bought a tube of your Chemical Hornstop last spring. It is all you claim for it and should supersede all other methods they recommend.—B. A. R. Stocker, Sebastopol, Calif., R. No. 4.

Excellent Results on Kids

Gentlemen:—We have had excellent results with the Hornstop on kids.—H. W. Allen, Los Angeles, Calif., R. No. 10, Box 612.

Perfect Success

Gentlemen:—Enclosed find 50 cents for a tube of your Chemical Hornstop for preventing the growth of horns on young kids. I used it last year on several kids with perfect success.—F. S. Holbrook, New Canaan, Conn.

Don't Kill Fistula Horses—Or Lumpy Jawed Cows—Cure Them

Spavin Liquid for Bog Spavin and Soft Bunches

Fleming's Cures Lameness—Leaves No Scar

Fleming's Spavin Liquid

Price per Bottle, \$2.08 (Including Tax)

FLEMING'S Spavin Liquid is for the treatment of soft lumps and blemishes causing lameness. Properly used it will not scar. It is intended for all cases of bog spavin, thoroughpin, capped back, splint, curb, wind gall, stifle lameness, etc., and for recent (or new cases of) bone spavin, ringbone and sidebone. If bone spavin, ringbone and sidebone are neglected until the lameness becomes established, it will be advisable to use Fleming's Spavin and Ringbone Paste, which is described on another page.

Fleming's Spavin Liquid is not a liniment. To use it like a liniment would be to use too much. The directions which accompany each bottle make that plain. By the timely use of Fleming's Spavin Liquid serious lameness can be avoided, and the later use of more drastic preparations made unnecessary.

Works and Leaves No Scars

Cured Four Spavins

Gentlemen:—Have cured four spavins with your Spavin Liquid.—Alfred C. Olsen, St. Hilaire, Minn., R. No. 1, Box 49.

One Application Cured Bog Spavin

Gentlemen:—One application of your Spavin Liquid completely cured a bad case of bog spavin causing lameness. Am well pleased with the remedy.—Coleman Foster, Mullikin, Ky.

Worked as Was Recommended

Gentlemen:—I used your Spavin Liquid on one of my horses and after three applications I was much pleased to see that it had accomplished all that it was recommended to do.—L. Pratt, Forest Side Farm, Millis, Mass.

Did the Work

Gentlemen:—I tried your Spavin Liquid and found it all right. It did the work.—Frank L. Clarke, 205 Comstock Ave., Norwalk, Conn.

Cures Spavined Mule

Gentlemen:—Enclosed find 8 cents, the amount of war tax due on recent order for your Spavin Liquid. I received the remedy and wish to tell you that I cured my mule of spavin and have enough left to cure several more cases.—J. E. Pennel, Siloam Springs, Ark.

Leg as Clean as Can Be

Gentlemen:—The Spavin Liquid I got of you has cured the horse entirely. He is not a bit lame. We work him all the time now. The leg is as clean as can be.—Delose Castle, Gilboa, N. Y., R. No. 2.

Cured Bog Spavin in Short Time

Gentlemen:—I had a horse that had bog spavin and got your Spavin Liquid. He was cured in a short time, nothing to be seen of the spavin on him now.—Paul Behnke, Cecil, Wis., R. No. 1, Box 141.

Completely Cured, Never Limps

Gentlemen:—We got a bottle of your Spavin Liquid some time back for bog spavin. It has completely cured it. The animal never limps.—J. R. Shurley, Jr., Eden, Miss., R. No. 2.

Two Applications Cured Bog Spavin

Gentlemen:—I cured a mule with bog spavin by using your Spavin Liquid. Two applications did the work.—G. W. Bush, Lowland, Va.

Sure Did the Work

Gentlemen:—Enclosed find \$2.08 for a bottle of your Spavin Liquid. Have tried it in one case and it sure did the work. Has saved me many times its cost.—W. A. Shoemaker, Johnson City, Tenn., R. No. 1, Box 46.

Bog Spavin and Thoroughpin Cured

Gentlemen:—I have used your Spavin Liquid and highly recommend it. I had a young mule that had thoroughpin and bog spavin, used the Liquid according to directions and the animal is sound and well.—Doss Peterson, Dale, N. C.

Treated Thoroughpin Ten Years Ago

Gentlemen:—About ten years ago I treated a thoroughpin on one of my animals with your Spavin Liquid. It cured the case entirely and the animal has never been troubled since by the blemish.—Mrs. George R. Parmelee, Newtown, Conn., R. No. 16.

Best Medicine of Its Kind

Gentlemen:—Enclosed find \$3.12 for a bottle each of your Spavin Liquid and General Liniment. Have just got through treating a horse for an awful bad thoroughpin. He was a fine young horse, but with his legs in that shape would have damaged the sale of him \$75 or \$100. Your Spavin Liquid is by far the best medicine of its kind I ever saw. It would be cheap at \$10 a bottle.—Roy A. Thomas, Colton, Wash., R. No. 2, Box 37.

Used With Marvelous Results

Gentlemen:—Have used your Spavin Liquid on thoroughpin, bog spavin and wind puffs with marvelous results.—J. N. Langworthy, Gardner, Colo.

Couldn't Use Her at All

Gentlemen:—I sent some time ago for a bottle of your Spavin Liquid, which I received promptly. Have used it on my horse and it worked to very good effect. She was so lame I couldn't use her at all. She is not lame at all now, and I can drive her as far as the road is laid out and not hurt her. There is still a small bunch on the hock joint, but not as big as it was.—O. O. Day, Batavia, Iowa.

Recent Bone Spavin and Thoroughpin

Gentlemen:—Three years ago I cured a recent case of bone spavin with your Spavin Liquid and just killed a thoroughpin with the same bottle.—Bert Straughn, Crown Hill Stock Farm, Clinton, Ind.

Three Bunches on One Hock Joint

Gentlemen:—I had a horse with three different enlargements on one hock joint. She was down and could not get up. I followed the advice you gave me and used your Spavin Liquid. She came out all right and I sold her for \$200. You do not say enough about your remedies.—George C. Hover, Hillsdale, N. Y., R. No. 1.

Cured a Bad Case With the Liquid

Gentlemen:—I would like to recommend your Spavin Liquid, as I cured a very bad case with it. Please send me your Vest-Pocket Veterinary Adviser.—Roy Lanegan, Mapleton, Iowa, R. No. 4.

Did as Recommended

Gentlemen:—I have seen your advertisements and wish to write that I have used your Spavin Liquid and it did as you recommended it would do.—John Morrison, Centralia, Kan. R. No. 2.

Great

Gentlemen:—I want you to know that the Spavin Liquid I got from you some time ago was great.—William H. Cornell, Wolcott, N. Y.

Spavin Cured

Gentlemen:—Please find enclosed \$2.60 for a bottle of your Actinoform. If your lump jaw treatment will do as good work as your Spavin Liquid, I know it will cure the case. Have tried your Spavin Liquid and cured a spavin.—F. M. Clemence, Greenforest, Ark., R. No. 3.

Tonic Heave Powders Tone Up Your Horses

Don't Dehorn—Use Fleming's Hornstop

VETERINARY HEALING OIL TESTIMONIALS

Likes The Healing Oil

Gentlemen:—Enclosed find \$5.24 for twelve bottles of your Veterinary Healing Oil. It can't be beat.—Luther R. Royer, Dillard, Ore.

Has Not Been Without It For Years

Gentlemen:—Your Veterinary Healing Oil is the best I have ever used for what it is recommended. Have not been without it for years.—Mrs. George R. Parmelee, Newtown, Conn., R. No. 16.

Finest Thing For Cuts

Gentlemen:—Please find enclosed 52 cents for another bottle of the Veterinary Healing Oil. It surely is the finest thing I ever saw for cuts.—Mazzini Phillips, Agawam, Mass.

For Scalds And Burns

Gentlemen:—We are using the Healing Oil for scalds and burns—for that purpose it has no equal. For healing sores, cuts, etc., a bottle should be kept in every home.—California Central Creameries, Ferndale, Calif.

Great Stuff

Gentlemen:—Enclosed find \$1.56 for three bottles of the Veterinary Healing Oil. This Healing Oil is great stuff.—C. W. Willits, Haverhill, Kans., Box 35.

Magical

Gentlemen:—Have had one bottle of your Healing Oil and find its action is little short of magical.—C. B. Adams, Okolona, Miss., R. No. 2.

Fine For Burns

Gentlemen:—I have used several bottles of your Veterinary Healing Oil and think it is just fine for burns. Can't be beat.—Lucius M. Smith, Ferndale, Calif., Box 201.

For Humans As Well As Stock

Gentlemen:—Please find enclosed 52 cents in stamps for another bottle of Veterinary Healing Oil. We have used it to good advantage on ourselves and stock as well.—F. E. Pfeiffer, 2123 24th Ave. N., Nashville, Tenn.

Best All Around Medicine

Gentlemen:—Please send me a bottle of your Veterinary Healing Oil, for which find enclosed 52 cents. It is one of the best all around medicines I have ever used.—Clarence Warner, Dayton, Ore., R. No. 1, Box 87.

For An Old Running Sore

Gentlemen:—About eight months ago I bought a bottle of Fleming's Veterinary Healing Oil for a mare that had an old running sore on her foot. One bottle completely cured it and she is now sound and well.—C. H. Saunders, McIver, N. C.

Doing the Work

Gentlemen:—I received your Healing Oil and have applied it on my mule. It is sure doing the work. Have also used your Spavin Liquid on a splint. Can highly recommend your medicines.—Carson R. Blake, Sneedville, Tenn., R. No. 5.

Don't Kill Fistula Horses or Lump Jaw Cows—Cure Them

Fleming's Tonic Heave Powders Tone Horses

An Excellent General Tonic and Alterative

Fleming's Tonic Heave Powders

Price per Box, \$1.04 (Including Tax)

 The condition known as "Heaves" unless taken when it first appears is almost impossible to cure, and without exception greatly lessens the work or sale value of a horse. No one wants a "Heavey" horse,—and if close attention is paid to feeding and prevention, or in correct treatment, no one need have such an animal.

The theory that "Heaves" is a disease of the lungs is no longer accepted. It is a digestive trouble, and should be treated with medicines affecting the digestive functions. That is the theory of Fleming's Tonic Heave Powders. These powders are put up separately—40 to a box—and each powder represents a dose.

They are useful as a tonic for run-down horses, horses which are "off their feed," or which apparently need stimulation. In the early spring many farm horses need a tonic and we know of nothing better to meet this condition than Fleming's Tonic Heave Powders.

Results Very Satisfactory

Friend Wished to Know How He Did It

Gentlemen:—Please send me a copy of your latest Veterinary Adviser. I have a friend here who wanted to know how I cured heaves. I told him to get Fleming's Tonic Heave Powders, that is all I ever used after knowing what they would do.—R. T. Comly, Fleming, Pa.

Hide Was Dry

Gentlemen:—Please don't delay any time in getting the Tonic Heave Powders to me. Enclosed find \$1.04 for same. I used a box of your Powders last spring on a horse eight years old. His hide was as dry as if it had been off him a month. He got sleek and fat.—Den Fairchild, Allen, Ky.

Entirely Over the Heaves; Fat and Sleek

Gentlemen:—Two years ago I had a horse that had heaves and was in very bad shape. He was run down to a skeleton. I thought sure I would have to kill him and put him out of his misery. However, I sent and got two boxes of your Tonic Heave Powders and only used one box. He got entirely over the heaves and fat and sleek. He has worked hard ever since and has showed no signs of heaves. I have great faith in the Powders for putting my horse in condition.—Geo. T. Weaver, Burbank, Wash.

Wind Is Perfect Today

Gentlemen:—Three years ago I used two boxes of your Tonic Heave Powders and cured one horse. His wind is perfect today.—E. G. Hughson, Kendall, Mich., R. No. 1.

Good for the System

Gentlemen:—Send me a box of your Tonic Heave Powders, for which find enclosed \$1.04. I have used it and find it is the best system medicine for a horse that I have ever tried.—Robert Hixon, Elijah, Mo.

Better Than We Recommend

Gentlemen:—I have had three boxes of your Tonic Heave Powders. Cured one horse over a year ago and he is all right now. It is the best heave medicine I have ever used, and I have owned horses over fifty years. Your Powders are a good deal better than you recommend.—John Spaulding, 10 Elm St., Rutland, Vt.

Was Advised to Kill Her

Gentlemen:—I am sending you herewith my check for two packages of your Tonic Heave Powders. Some two months ago I sent and got a package and used as you directed on the worst case of heaves I ever saw. I was advised to kill her by my son-in-law, who had lost two by the same trouble. I have taken her to Nashville and shown to several horse traders to see if they could detect any symptoms now and they could not. I don't believe anyone strictly following your directions can fail to get relief for heaves in their horses. Stick to and follow what you have advised, and they will be well paid for their trouble.—W. L. Earthman, Whites Creek, Tenn.

Tones Up a Horse

Gentlemen:—I must say your Tonic Heave Powders are the best thing to tone up a horse I have ever used. I had a horse last fall that I would gladly have sold for \$5. Had to be up from two to three nights a week doctoring him for colic. I got a bottle of your Colic Mixture, General Liniment and Tonic Heave Powders. I used the Powders in accordance with the directions. I still have the Colic Mixture without opening it and don't think I will ever need it, as the animal has never been sick since I started using the Powders. He is O. K. now. Also had a horse that would blow while working, had no heaves, but was short winded. She is O. K. now, after giving the Powders. In the South here we need something to take the sluggishness out of the system, and there is nothing better for the purpose that I know of than your Tonic Heave Powders.—Ernest Anderson, Lily, Fla.

Bad Case Absolutely Cured

Gentlemen:—I treated one 13-year-old mare with your Tonic Heave Powders and absolutely cured her of a very bad case with about a box and a half. I recommend it to all owners of heavy horses.—Ralph U. Ensign, Spring Brook, Wis., R. No. 1.

Nothing Like the Powders

Gentlemen:—The Powders are working fine. I have a mare that was so bad that the man who had her was going to shoot her. He said she was no good. I told him she could be helped, and he said if I could get any good out of her to take her home. I have had her five weeks now and am giving the Powders in accordance with the directions. She works every day. The Powders are great—nothing like them.—John F. Moore, Haydenville, Mass., R. F. D.

Made a Wonderful Change

Gentlemen:—I had a mare that was very bad with the heaves. A neighbor of mine recommended your Tonic Heave Powders. I wrote you describing the case, and you sent me a package of Tonic Heave Powders, which has made a new beast of her. They certainly brought about a wonderful change. Many thanks for your remedy.—W. H. Bowerman, Sault Ste. Marie, Mich., R. No. 1.

It Took Two Boxes to Cure This Case

Gentlemen:—I used one package of your Tonic Heave Powders on a horse last June that was very bad off with heaves. The one box cured him sound and well, but he had a cough that hung on. I got a second box of the Powders and it cured the cough. He now eats all the hay he wants and it doesn't hurt him. I think I have made a good thing out of a little money. Many thanks.—C. W. Cummings, Goshen, Va.

Worked Hard All Summer After Using Powders

Gentlemen:—Enclosed find check for \$3.12, for which please send me three boxes of your Tonic Heave Powders. I have used your Powders and I never saw anything that would do the work as they have. A horse that I could not work at all, after a week's treatment went out and did hard work all summer and did not show heaves at all.—C. A. Hazelton, Mullica Hill, N. J.

GIVE "RUN DOWN" HORSES A TONIC ALTERATIVE

Tonic Heave Powders Are Good

Gentlemen:—Enclosed find \$2.08 for your Spavin Liquid. If it does as well for me as your Tonic Heave Powders did, it will be all right. Your Heave Powders are good.—Thos. Ward, Kent, Wis.

Could Not Stand Work

Gentlemen:—I fed your Tonic Heave Powders to a five-year old horse that was so run down he could only stand to work until four o'clock in the afternoon, then he could hardly walk home from the fields. I fed three packages of your Tonic Heave Powders and kept him at work every day. I got him back in good flesh while he was still working.—Alvin Roemer, Hartford, Wis., R. No. 5, Box 80.

The Best Tonic

Gentlemen:—I have used your Tonic Heave Powders and can say it is fine. It is the best tonic that can be bought.—Mrs. Edward Mosell, Cornell, Ill.

This Mare Couldn't See

Gentlemen:—I used part of a bottle on a mare a while back, was plumb blind, couldn't see the barn. Her eyes after treatment were looking somewhat better and one was looking as though it was going to get well. I swapped the mare off to a special friend and gave him the Eye Lotion. He used it according to directions and one eye came back completely. He sold her for double what I rated her to him in the swap. I looked at the animal last week and one eye is as good as ever.—W. F. Simpson, Loudon, Tenn., R. No. 6.

All Right

Gentlemen:—Enclosed find \$1.04 for a package of your Tonic Heave Powders. I have tried them and they are all right.—Z. W. Hale, Groseclose, Va., R. Box 1, Box 67.

Cured His Horse

Gentlemen:—The Tonic Heave Powders that I got from you have cured my horse. I thank you very much.—George H. Nichols, Emery Junction, Mich.

Best He Ever Used

Gentlemen:—Enclosed find check for \$5.24 for six packages of your Tonic Heave Powders. I have used this remedy several times and find it the best I have ever used.—W. C. Carpenter, Somerset, Va., R. No. 1, Box 86.

Knew It Would Do the Work

Gentlemen:—Some time past I ordered some of your Tonic Heave Powders for a neighbor and they have completely cured his horse. I used it on several horses before and knew it would do the work. Enclosed find \$1.04 for another package of the Tonic Heave Powders.—D. A. Gaylord, Bath, N. C.

Satisfactory

Gentlemen:—Enclosed find \$3.12 for a package of your Tonic Heave Powders and one bottle of your Spavin Liquid. Have used the Tonic Heave Powders and find them satisfactory.—William Gussman, Rose City, Mich., R. No. 1, Box 55.

Rub Away Pain With Fleming's Liniment

Watch Young Horses for Signs of Sweeny Money Back If Fleming's Sweeny Blister Fails

Fleming's Sweeny Blister

Price per Bottle, \$1.04 (Including Tax)

SWEENY usually affects young horses. It most generally comes on in the spring just after the horses have started the season's work. Most farmers know Sweeny when they see it, but if not, it would be well to read what is said about it in Fleming's Vest Pocket Veterinary Adviser.

Sweeny (or any other disease, ailment or blemish of stock) should have prompt attention. If neglected a fatty degeneration is likely to set in, rendering full restoration of the atrophied muscles impossible. Taken in time the condition is remedied without great difficulty.

Fleming's Sweeny Blister is easy to apply,—anyone exercising ordinary care can do it properly. It is better to give the animal rest during the treatment and if lameness has set in such rest is almost essential.

Our advice is "Do not neglect Sweeny." If you do not care to go to the little trouble of treating with Fleming's Sweeny Blister, call in a veterinarian,—but do something or your good young horse will be wasted.

Many Good Young Horses Saved

All Right

Gentlemen:—I have used several bottles of your Sweeny Blister and I find it perfectly all right.—George Hardcastle, Bowling Green, Ky., R. No. 2.

Did All We Claimed for It

Gentlemen:—The Sweeny Blister I got of you some time ago did all that was claimed for it to do.—N. W. Dibble, Hestfield, N. Y., R. No. 22.

Worked Fine

Gentlemen:—A short time ago I tried your Sweeny Blister on a horse of my neighbor and it worked fine. The shoulder is filling up nicely.—Ed. Timma, Pueblo, Colo., Gen. Del.

Cured Three-Hundred-Dollar Mule

Gentlemen:—Enclosed you will find four cents in stamps to pay war tax on the bottle of Sweeny Blister you sent me. Will say that it has cured my mule, which is worth \$300. I can't say too much in its praise.—Wash. W. Webb, May King, Ky.

Buy an Assortment and Save Money

Fleming's "EMERGENCY" Assortment

MONEY BACK IF THEY FAIL

Fleming's Galloform FREE with this (only) Special Assortment

The four Fleming Remedies pictured above are what we call our "Emergency Assortment." Every farmer and stockman should keep on hand a good liniment, a colic remedy and the best antiseptic healing preparations that money can buy. You never can tell when you will have need for such remedies. We suggest that you purchase Fleming's remedies, because they have been tested for years and they seldom fail. When they do fail, you get your money back.

Noted Difference After Second Application

Gentlemen:—Received your General Liniment and find it a great help to my horse. I could tell the difference after applying it the second time.—H. A. Mahaney, Akersville, Ky.

Thinks Liniment Is the Best

Gentlemen:—I want some more of your General Liniment. I think it is the best I have ever used.—J. G. Sisk, Myrtle, Mo., R. No. 1, Box 34.

Finds the Liniment Splendid

Gentlemen:—The General Liniment you sent me was splendid. I cured my horse's jaw in a little while and have got some of it left. Have used the Liniment for several other purposes.—C. W. Taylor, Casey, Ky.

Finds Them Good

Gentlemen:—Enclosed find 50 cents for a tube of Chemical Hornstop. I have used the Hornstop before and know it is good. We also have the General Liniment on hand and the Healing Oil and know they are very good.—Mrs. Frank J. Blaha, Effie, Minn.

One Dose Did the Business

Gentlemen:—Have kept your Colic Mixture in the house for six or seven years. Had occasion to use it a short time ago and one dose did the business. Do not want to be without your Colic Mixture.—Bert Fox, Newfield, N. Y., R. No. 26.

Sends for More

Gentlemen:—I have used your General Liniment, your Veterinary Healing Oil, and have also used your Spavin and Ringbone Paste. It cured my spavin horses. It is a good remedy. Would not be without it. Your other remedies are good, too, and we are sending in for more of them.—Chas. M. Waldahl, Clarissa, Minn.

Animals Worth \$300 Cured

Gentlemen:—Enclosed find \$2.08 for two bottles of the Colic Mixture. I always keep this remedy on hand. Helped two of my neighbors lately. One had a very sick horse and the other a sick mule. One dose of the Colic Mixture cured the horse and the second dose cured the mule. They were both well worth \$300 each.—A. H. Barnett, Lennox, Ala.

HAVE USED VETERINARY EYE LOTION WITH SUCCESS

Injured Eyes Treated Successfully

Gentlemen:—Enclosed find \$1.04 for a package of your Tonic Heave Powders. Have used them for the blood on two horses with good success. Have also used your Eye Lotion successfully in a case where the horse's eye was injured. I think your remedies are the best.—Mike McAvoy, South Lee, Mass., Box 75.

Used Fleming's Remedies With Success

Gentlemen:—Enclosed find 52 cents for a bottle of your Veterinary Eye Lotion. We have used your Actinoform and Fistoform with success and are now using the Heave remedy, and the animal is showing marked improvement.—E. E. Lutz, St. Paris, Ohio, R. No. 5.

Saved One Eye

Gentlemen:—I have had success with the medicines I ordered from you some time ago. They were worth the money. Your Tonic Heave Powders are the best medicine I have ever used. One package cured a horse of heaves. The Eye Lotion saved one eye, and I think it will stay good. I can't speak too highly of your remedies.—Homer Walker, Charlotte, Tenn.

Glad to Recommend Them

Gentlemen:—I have used your Tonic Heave Powders and Veterinary Eye Lotion, also your Spavin and Ringbone Paste. They do all that you claim for them and more, too. Am glad to recommend them to any one as the best remedies I have ever used.—H. L. Gray, Lebanon, Tenn., R. No. 4.

Eye Lotion Just as Recommended

Gentlemen:—Enclosed find \$1.04 for a bottle of your General Liniment. Have found your Healing Oil and Veterinary Eye Lotion just as recommended.—Louis McInnis, Pinebur, Miss.

Sure Does the Work

Gentlemen:—Enclosed find \$5.24 for an assortment of your remedies. Have used your Colic Mixture, Sweeny Blister and Veterinary Eye Lotion with good results and can recommend them to others, for they sure do the work.—W. E. Fletcher, Buckner, La.

Eyes As Good As Ever

Gentlemen:—I have a driving mare that took with an eye disease. A neighbor lent me a bottle of your Veterinary Eye Lotion. Used about half of it, and am glad to say her eyes have got as good as they ever were. It has been over a year now and no signs of the trouble returning.—D. L. Hill, Thornville, Ohio, R. No. 3.

Was Nearly Blind

Gentlemen:—I have a mule that was nearly blind in both eyes. Used a half bottle of your Veterinary Eye Lotion and cured him. I never want to be without the Eye Lotion.—J. W. Marshall, Atkins, La.

Can't Be Beat

Gentlemen:—Have used your Veterinary Eye Lotion and it can't be beat.—Alva Shuman, Quaker City, Ohio, R. No. 1.

Don't Dehorn Cattle—Prevent Growth of Horns with Hornstop

• Use Fleming's Chemical Hornstop on Calves Prevents Growth of Horns—Is Better Than Dehorning

Fleming's Chemical Hornstop

Price per Tube, 50c

REHORNING cattle is an unnecessarily hard and cruel operation, yet it is practiced quite generally. Polled animals are regarded as easier to handle and less likely to injure themselves or others than horned cattle.

If a stock raiser desires, he can at trifling expense and very little trouble, prevent the growth of horns on any horned animal,—cows or goats. If, when the animal is young, and before the "horn buttons" or "buds" are developed far enough to become fixed, the owner will cut off the hair just over the buttons and apply a little of Fleming's Chemical Hornstop, no horn will ever develop. There will be no misses, no "swirls" and the animal will be as polled as though born of a hornless breed.

The application of Hornstop is not cruel, or unnecessarily hurtful. Hornstop is used by many breeders of cows and goats and almost universally acclaimed as a meritorious and useful preparation. It comes in a collapsible tube, is in paste form and will stay where it is put.

One tube contains enough for 25 calves. It will not keep indefinitely.

Well Pleased

Gentlemen:—I have tried your Hornstop and it sure did the work. I am well pleased with it and will recommend it to my friends and neighbors.—A. F. Meade, St. Paul, Va., R. No. 1, Box 68.

Hornstop is Good

Gentlemen:—I have used your Hornstop and know it is good.—Arthur Fosse, White Earth, N. D.

Worked Fine

Gentlemen:—I used some of your Hornstop last spring and it worked fine.—W. H. Fairbairn, Seager, N. Y.

Will Use as Long as He Keeps Cows

Gentlemen:—I used your Hornstop last year and I want to use it again as long as I keep cows.—Adolph De Santis, Spy Lake, N. Y.

O. K.

Gentlemen:—Please find enclosed 52 cents for a bottle of your Veterinary Eye Lotion. Received your Hornstop, also the Spavin Liquid and found them just O. K. Your medicine can't be beat.—Alex Garlam, 915 W. Obanon St., Morganfield, Ky.

Likes the Hornstop

Gentlemen:—I sure like your Chemical Hornstop that I purchased from you.—Guy Tuttle, Cambria, Iowa.

Easy to Use

Gentlemen:—We have used your Chemical Hornstop on goats. Find it very easy to use and it sure does the work.—G. R. Morrison, Inglewood, Calif., R. No. 2, Box 627.

Fleming's Veterinary Healing Oil

Price per Bottle, 52c (Including Tax)

Healing—Antiseptic

FLEMING'S Healing Oil is just as good for human as for animal flesh. It is an antiseptic, healing product, very soothing to the flesh, and very economical to use, as a very small quantity goes a long ways.

It is a useful household preparation, and can be used to advantage on cuts, burns, scratches and similar small hurts, which, if left untreated, might develop into serious sores.

We recommend that every family have a bottle of Healing Oil ready for emergency use.

Read Testimonials on Page 10

Fleming's Galloform

Price per Can, 52c (Including Tax)

FOR those who prefer an antiseptic healing powder we have made "Galloform," in a sprinkler-top can. It is antiseptic and healing, but is not adaptable to human flesh.

Best for Sore Shoulders

Gentlemen:—Enclosed find \$1.04 for two boxes of your Galloform. I find this the best remedy I have ever tried for sore shoulders on horses.—F. H. Pratt, Haynes, N. D.

Likes It Fine

Gentlemen:—Enclosed find \$2.08 for two boxes of Galloform and a bottle of General Liniment. Have used the Galloform and I like it fine.—R. E. Mesnard, Proffit, Va., R. No. 1.

Fleming's Veterinary Eye Lotion

Price per Bottle, 52c (Including Tax)

To Keep Horses' Eyes Clean

IF MORE attention was paid to the eyes of horses there would be less blindness. Fleming's Veterinary Eye Lotion is in no sense a preventative of blindness except as it is useful in keeping horses' eyes clean, and in reducing inflammation. It can, to advantage, be used as an eye wash at intervals.

Blindness (except where caused by accident) is usually preceded by, and probably caused by, some inflammation. The Veterinary Eye Lotion will be found useful in allaying such inflammation that affects the eyes of animals and will, in general, prevent the spread of swelling and soreness.

Before being used the Eye Lotion should be diluted in 32 times its volume of water and should never be used without such dilution.

Fine Thing

Gentlemen:—Have used your Veterinary Eye Lotion and can say that it is a fine thing.—Jesse Wright, Charlotte, Mich., R. No. 8.

Advises Farmers To Keep Eye Lotion On Hand

Gentlemen:—Have been using your Veterinary Eye Lotion for five years. I would advise any farmer to keep a bottle on hand. Have it ready, for there are good results in every bottle.—T. B. Davis, Liberty, Tenn., R. No. 3, Box 13.

Use Healing Oil on Cuts and Burns

Fleming's General Liniment

Your Money Back If You Are Not Satisfied

Fleming's General Liniment

Price per Bottle, \$1.04 (Including Tax)

 FLEMING'S General Liniment is different from common liniments, and we believe that a trial will convince you that it is superior in the work it does. It is not a thin fluid like water, but has more the appearance of an oil of moderate heaviness and of an amber color, but it is not oily, as you may know from the fact that it will mix readily with water. It is not a mere mixture, but its ingredients are in chemical combination, and from a pharmaceutical standpoint, we consider that Fleming's Liniment is the most perfect of anything we have ever produced.

Use it for soreness or lameness in muscles, tendons or joints, for sprains, swellings, bruises, etc. For garget or caked bag in milch cows, we know of nothing equally good, but it will not restore an udder that has been ruined by such an attack. Fleming's Liniment may also be employed as a healing application for old and sluggish sores, for cracked heel or "scratches." It is very antiseptic and also stimulating.

Fleming's Liniment is just as suitable for human use as it is for veterinary ailments. It is especially helpful in relieving the soreness in corns and chilblains and for healing chapped or cracked hands, although it will smart for a time if the chaps are deep.

Great for Caked Bag

Gentlemen:—Am sending for another bottle of your General Liniment for my brother. He has a cow with a caked bag and I recommended your General Liniment to him, for I have had some of the same trouble with my cows and the Liniment gave great satisfaction.—Carman P. Carter, Halltown, Mo., R. No. 1.

Thinks It Fine

Gentlemen:—I have used your General Liniment and think it fine for man and animal.—Willie D. Hunt, Franklin, Ky., R. No. 1.

Liniment Cured the Mule

Gentlemen:—I wish to thank you for your advice about my mule. The General Liniment has cured her. It is the best Liniment I ever used.—E. M. Harris, Cumberland City, Tenn.

Can't Do Without the Liniment

Gentlemen:—Your Liniment is a great one. Can't do without it. Have sent two or three customers to you for it.—W. J. Carpenter, Taylorsville, Ky.

Removed Enlargements on Colt

Gentlemen:—Some time ago I had a colt with bunches on the hind legs near the hock joint. I wrote you about it and you recommended your General Liniment, which cured them entirely.—Della Bolding, Bellview, N. M.

Couldn't Use His Arm

Gentlemen:—I have used your General Liniment on my arm from which I was suffering for about six months, and it did me so much good. I was getting so that I couldn't use my arm. Now it is very much improved. It is the best liniment I have ever heard of.—George Ruffel, Abita Springs, La.

Cured Bad Ankle

Gentlemen:—I am glad to tell you that your General Liniment has completely cured my mule. This animal had her ankle hurt badly. I tried all kinds of liniment, but they did no good. Your General Liniment cured her sound and well with one-half bottle. Have cured other ailments of stock with the same bottle. My neighbors and I think it a great liniment.—Frank H. Porter, Decatur, Ga., R. No. 1, Box 51.

Best for Pain

Gentlemen:—Enclosed find \$2.08 for two bottles of your General Liniment. It is the best remedy for pain that I have ever used.—W. H. Andre, Estherville, Iowa, R. No. 2.

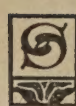

Has Done Wonders

Gentlemen:—I used one bottle of your General Liniment on my mare that had stifle lameness. She is almost well. I think it has done wonders.—Mrs. Millie Joplin, Hatfield, Ark.

Fleming's Veterinary Wart Remover

Our New Preparation; Money Back If It Fails

Price \$1.04 (War Tax included)

 SCARCELY a day goes by that one or more of our customers does not write us asking for a preparation to remove warts from animals. Heretofore we have always referred these customers to what is said concerning warts in our Vest-Pocket Veterinary Adviser. Two good treatments are recommended there, but oftentimes the drugs necessary to make up the ointment given in the Adviser, are not to be had in the small drug stores.

To meet this demand we have worked out Fleming's Veterinary Wart Remover, and we believe that our customers will find it as successful as our other preparations. We cannot, of course, expect the new remedy to do the work in every case—no treatment for any ailment is infallible. However, if the directions are followed, we fully believe that success will be obtained in more than ninety-five per cent of the cases in which the preparation will be used. If you are not satisfied with the results, let us know and we will gladly return the purchase price, which is \$1.04, including the war tax.

Fleming's Veterinary Wart Remover is a pasty substance. It is highly caustic and great care

should be exercised in making the applications so that none of the preparation is allowed to get on the healthy flesh, as it will burn severely. Just to give you an idea of how the preparation will work, we quote you from the direction sheet which accompanies each package.

"If the growth is hard, first soften it by bathing with warm soapsuds, *dry thoroughly*, then apply Fleming's Veterinary Wart Remover, as follows:

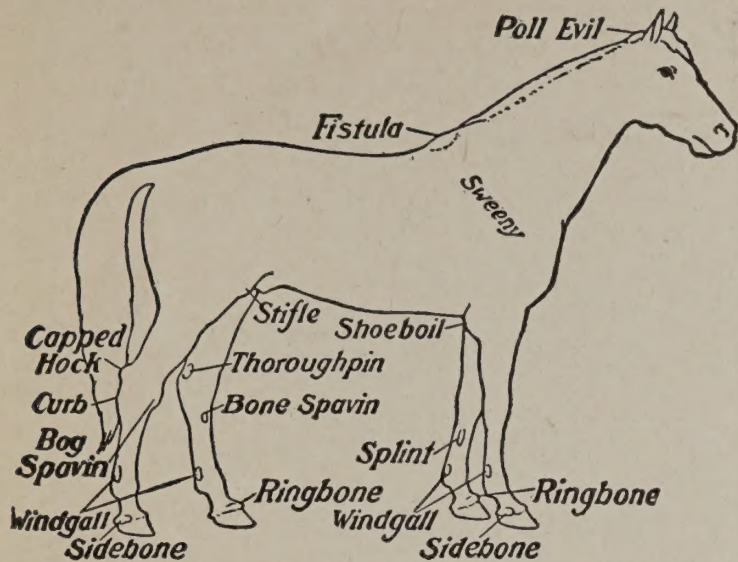

"First apply vaseline or lard on the surrounding healthy flesh, then with a small wooden paddle or the blade of your knife apply a thick layer of the Remover upon the surface of the wart. Allow the preparation to remain on the growth about an hour; then scrape or wipe it all off, avoiding carefully getting it smeared upon the surrounding skin. Half an hour later apply a little vaseline or fresh lard once only. In a couple of weeks the wart should disappear.

"Usually one application is sufficient to completely destroy the warty formation. If, however, within a few weeks after the sore has healed part of the wart still remains, repeat the application as described above."

We do not recommend Fleming's Veterinary Wart Remover for warts on the eye lids of animals; flat warts about the eyes, or for warts on teats or udders of milch cows.

Buy An Assortment and Save Money

These Charts Will Help You Locate Animal Ailments

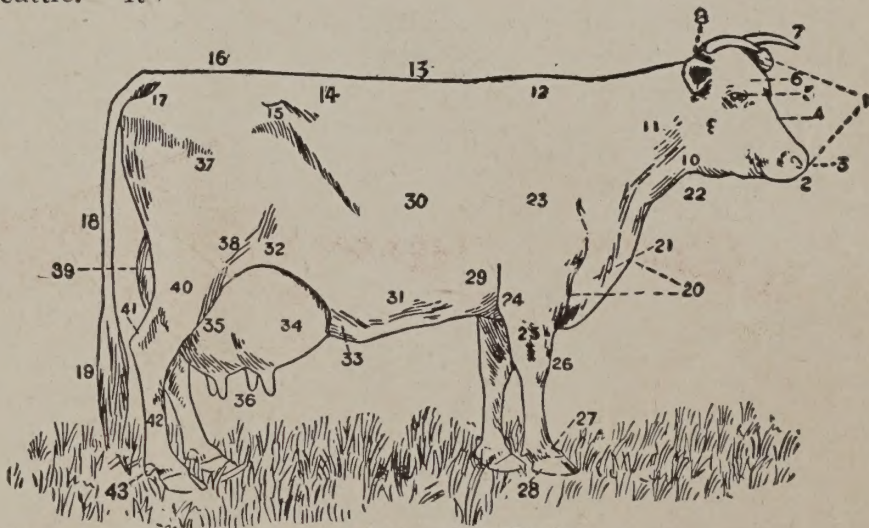

The purpose of this diagram is to show the approximate location of the ailments and blemishes named. To present in print the actual likeness of a blemish as it appears upon a horse is practically impossible and has not been attempted. On another page of this almanac brief mention is made of a number of the blemishes here indicated, and for more complete information we refer you to Fleming's Vest-Pocket Veterinary adviser. We have remedies for treating all the ailments named on this diagram, and for others not mentioned here. If you will read this almanac through you will obtain a very good idea as to what Fleming's Remedies are for and what they may reasonably be expected to do.

The purpose of the diagram is to show the various parts of a cow, with the correct name of each. Actinomocosis, usually known as "Lump Jaw," or "Lumpy Jaw," is one of the most severe ailments affecting cattle. It

The numbers with the following descriptive matter correspond with the numbers on the diagram: 1—Head. 2—Muzzle. 3—Nostril. 4—Face. 5—Eye. 6—Forehead. 7—Horn. 8—Ear. 9—Cheek. 10—Throat. 11—Neck. 12—Withers. 13—Back. 14—Loins. 15—Hip Bone. 16—Pelvic Arch. 17—Rump. 18—Tail. 19—Switch. 20—Chest. 21—Brisket. 22—Dewlap. 23—Shoulder. 24—Elbow. 25—Forearm. 26—Knee. 27—Ankle. 28—Hoof. 29—Heart Girth. 30—Side or Barrel. 31—Belly. 32—Flank. 33—Milk Vein. 34—Fore Udder. 35—Hind Udder. 36—Teats. 37—Upper Thigh. 38—Stifle. 39—Twist. 40—Leg or Gaskin. 41—Hock. 42—Shank. 43—Dew Claw.

The diagram and enumeration of points are taken from the Fifteenth Report of the Bureau of Animal Industry.

almost surely yields to treatment with "Fleming's Actinoform," which has for over 25 years been known as "The Farmers' Reliable Lump Jaw Treatment."

There is scarcely a stallion owner in the country who does not lose the price of from one to ten colts each year on account of imperfectly kept records of mares, making substitution easy, which could be overcome by the establishment of some systematic method of correctly keeping records of service and close description of all mares served, as provided in this book.

Two hundred pages, securely bound in cloth, indexed and paged. Pocket size.

PRICE, \$1.00 PREPAID

A Larger Veterinary Book

So many requests have come to us from our customers for a larger and more complete veterinary book than the Vest-Pocket Veterinary Adviser, that we decided several months ago to give the matter our very careful attention and locate, if possible, a book which we could recommend to stock owners.

We have found that book in

Thompson's Veterinary Book

This book is, in our opinion, by far the best that we have ever seen, and we take great pleasure in offering it to our many customers. In this short space we cannot tell you much about it, but if you will write us, we will send a circular descriptive of the book; or if you prefer, send us your order with \$4.00, the price of the book, and we will send it post paid by return mail.
